Session Objectives and Expected Results

- Discuss and share good practices and challenges (governance, practical organisation, statistics and modelling)
- For each country, identify “acquis”, “work in progress” and “areas for improvement”
- Proposed next steps to improve the medium to long-term energy planning process
 - In your country
 - At regional level if/when relevant
- Provide Inputs for shaping of future cooperation with EU in the field of Energy Statistics and Energy Planning (“Post 2016”)
 - Areas where assistance is needed for your country
 - What can be done best at regional level? (e.g. training, regional working groups on interconnections)
