

PROGRAMME FUNDED BY THE EU

# **New INOGATE Technical Secretariat Introduction to the Regional Work Plan Dr. Peter Larsen, Project Director Brussels - 22<sup>nd</sup> of October 2014**

**BUILDING PARTNERSHIPS FOR ENERGY SECURITY**

# Objectives of Presentation

To provide a **brief introduction** to the work on drafting a regional work plan with key focus on:

- Priorities for cooperation 2015-2016;
- Summary of regional activities 2011-2014;
- Planned activities for regional cooperation 2015-2016

# Priorities for Regional Cooperation 2015-2016

- Energy Security Supply;
- Energy Trade and Cooperation;
- Energy Efficiency;
- Utilisation of renewable energy sources;
- Financing of energy projects;
- Development of energy statistics and energy planning tools.

# Summary of Regional Activities 2011-2014 (1)

The tables below provide a **summary of Regional Activities** carried out by Intervention Area:

Electricity and Gas	2013 - 2014
Regulatory Issues/Market Rules	1
Development/review of tariff methodologies	2
Harmonisation of Electricity and Gas Standards	5
Cross-border trade of Electricity and Gas	2
Efficiency of Electricity and Gas Infrastructure	1

# Summary of Regional Activities 2011 – 2014 (2)

Sustainable Energy	2013 - 2014
Development of SE Policies and Strategies	2
Investment Facilitation	1

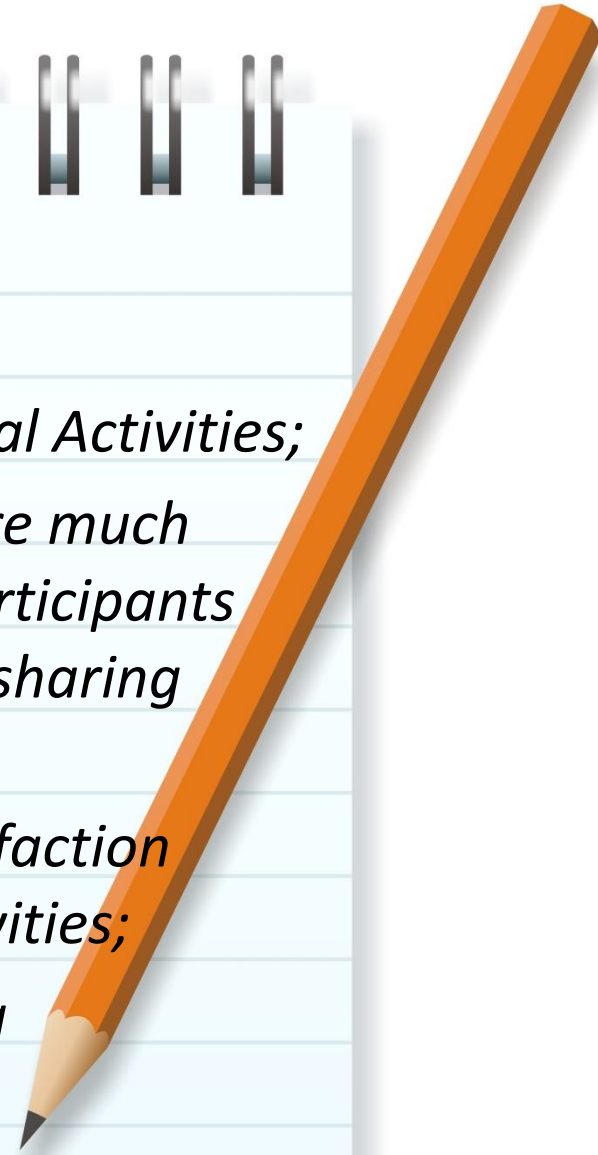

Energy Statistics	2013 - 2014
International Conference in Copenhagen on the role of energy statistics, national and international policies	1
Joint ITS/IEA training and two study visits	3
Energy Statistics Network Meetings	2
International conference in Zagreb on achievements of ESAPs and improvement of data quality for energy statistics (November 2014)	1

# Summary of Regional Activities 2011-2014

## **CONCLUSIONS:**

- ✓ *Total of **21** Regional Activities;*
- ✓ *Regional Events are much appreciated by participants as a platform for sharing of experiences;*
- ✓ *Overall good satisfaction with regional activities;*
- ✓ *Impact monitoring on-going.*

# Proposed Regional Activities 2015 - 2016

The proposal is to have:

**10-15** Regional Activities

Horizontal Communication

Awareness Raising Activities  
(broken down into two activities).

There is thus a **very high level of ambition** following in the footsteps of the achievements 2011-2014.

# Breakdown of Proposed Regional Activities 2015-2016

The tables below show a **summary of the Regional Activities** broken down into intervention areas.  
*The tables reflect no prioritisation – this will come later.*

## Electricity and Gas

**Regulatory Issues/Market Rules**

**Development/review of tariff methodologies**

**Harmonisation of electricity and gas standards**

**Efficiency of electricity and gas standards**

# Breakdown of Proposed Regional Activities 2015-2016

## Sustainable Energy

**Development of Sustainable Energy Policies and Strategies**

**Investment Facilitation**

## Energy Statistics

**Regional workshop on energy efficiency methodologies**

**Regional workshop to provide training on energy balances**

**Regional workshop on use energy statistics, balances and energy efficiency indicators**

**Energy Statistics Network meeting**

# Conclusions

- High Level of Ambition;
- Success depending on strong commitment, ownership and willingness to cooperate across borders;
- Availability of good PC experts to disseminate results is a precondition for being successful with the regional work plans.
