

ITS Technical Assistance to Georgia in the field of Energy Statistics in the extension period (Feb. 2015 – Jan. 2016)

Draft Agenda

Tuesday 17 November 2015

Venue: National Statistics Office of Georgia (GEOSTAT)

Participants: GEOSTAT, Ministry of Economy (MoE), Branko Vuk, Alenka Kinderman Lončarević, Nicolas Brizard (ITS)

Session 1. Review and update of the ITS model for Energy Balance Compilation

09:30-11:00 **Overview of the current situation with regards to the collection of annual Energy Statistics in Georgia: work accomplished, new developments, key issues**
Questions and Answers, discussion
GEOSTAT Staff, Branko Vuk (ITS)

11:00 – 11:30 *Coffee Break*

11:30 – 13:00 **Analysis of the data collected in 2015: checking the accuracy, quality and consistency of 2014 data**
Questions and Answers, discussion
GEOSTAT Staff, Branko Vuk (ITS)

13:00 -14:00 *Lunch break*

Session 2. Development of the integrated energy balance for Georgia

14:00 -15:30 **Compilation of the energy balance for 2014 based on the model developed and applied in 2014**
Questions and Answers, discussion
GEOSTAT Staff, Branko Vuk (ITS)

15:30-16:00 *Coffee break*

16:00-17:00 **Compilation of the energy balance for 2014 based on the model developed and applied in 2014 (continuation)**
Questions and Answers, discussion
GEOSTAT Staff, Branko Vuk (ITS)

17:00 *End of the first day*

Wednesday 18 November 2015

Venue: National Statistics Office of Georgia (GEOSTAT)

Participants: GEOSTAT, Ministry of Economy (MoE), Branko Vuk (ITS)

Session 2 (Continued). Development of the integrated energy balance for Georgia

09:30-11:00 **Compilation of the energy balance for 2014 based on the model developed and applied in 2014 (continuation)**
Questions and Answers, discussion
GEOSTAT Staff, Branko Vuk (ITS)

11:00 -11:30 *Coffee break*

11:30 -13:00 **Compilation of the energy balance for 2014 based on the model developed and applied in 2014 (continuation)**
Questions and Answers, discussion
GEOSTAT Staff, Branko Vuk (ITS)

13:00 -14:00 *Lunch break*

Assistance in the compilation of the five IEA questionnaires for 2014

14:00 -15:30 *Questions and Answers, discussion*
GEOSTAT Staff, Branko Vuk (ITS)

15:30 -16:00 *Coffee break*

Assistance in the preparation of energy review and assessment of the progress in the development of monthly statistics

16:00-17:00 *Questions and Answers, discussion*
GEOSTAT Staff, Branko Vuk (ITS)

17:00 *End of the second day*

Thursday 19 November 2015

Venue: National Statistics Office of Georgia (GEOSTAT)

Participants: GEOSTAT, Ministry of Economy (MoE), Branko Vuk, Alenka Kinderman Lončarević, Nicolas Brizard (ITS)

Session 3. Using Energy balance data to calculate the RES Share Calculation

Introduction to the methodologies and tools for the harmonised calculation of the RES share based on Eurostat recommendations and presentation of the results for Georgia

09:30 – 11:00

Discussion

Mr Branko Vuk, Senior Expert on Energy Statistics, INOGATE Technical Secretariat (ITS)

11:00-11:30

Coffee break

Session 4: Presentation of the joint ECS-ITS model for the collection of data on energy prices

Introduction to the statistics on electricity and natural gas prices in accordance with EU standards, best practice examples and recommendations for GEOSTAT

11:30-13:00

Discussion

Ms Alenka Kinderman Lončarević, Senior Expert on Energy Statistics, INOGATE Technical Secretariat (ITS)

13:00 -14:00

Lunch break

Session 5. Using Energy balance data to calculate CO2 Emissions / Quality Reporting

Introduction to the methodologies and tools for the calculation of CO2 emissions in line with IPCC methodology and presentation of the results for Georgia

14:00-15:00

Discussion

Ms Alenka Kinderman Lončarević, Senior Expert on Energy Statistics, INOGATE Technical Secretariat (ITS)

Introduction to the preparation and implementation of quality reports: Presentation of International and Eurostat quality standards and templates

15:00-16:00

Discussion

Mr Nicolas Brizard, Key Expert on Energy Statistics, INOGATE Technical Secretariat (ITS)

16:00-16:30

Coffee break

Session 6. Conclusions and recommendations

Analysis of the achieved results and discussion about further steps in energy balance compilation and the development of energy statistics in Georgia

16:30 – 17:00

Discussion and wrap-up of TA mission to Georgia

GEOSTAT Staff, ITS Experts (Branko Vuk, Alenka Kinderman Lončarević, Nicolas Brizard)

17:00

End of mission
