Slide 2 – Broad Priorities

SUBSECTOR AREA	Conventional Energy	Nuclear	Petroleum & Gas	Renewable Energy	Energy Efficiency
Legislation	V				
Governance					
Institutions					
Regulation					
Market Operations	V		V		
Technical	V				
Environment					
Others (please specify)					

Slide 3 - Broad Priorities

www.inogate.org

	Where Specific Technical Assistance is needed	Reasons
1	<p>Discussion of the EU experience in organising cross-border trade in electricity and gas. Support for the development of the legal framework governing cross-border trade in electricity and gas.</p>	<p>The Treaty establishing the Eurasian Economic Union provides for the establishment of common electricity markets (by 1 July 2019) and gas (by 1 January 2025) in Armenia, Belarus, Kazakhstan and Russia</p>
2	<p>Technical assistance on the establishment of Smart grid - from the concept of creating a system through to implementing the pilot project in one of the areas of electric networks</p>	<p>In order to optimise energy consumption and improve the quality of power supply it is necessary to create automated systems to manage the operation modes of distribution systems, demand side management and electricity supply</p>
