

Discussion Points for ITS Meeting with Energy Community Secretariat 20 February 2012 – Vienna

- The purpose of the meeting is to introduce the ITS project and team and to explore ways in which the new ITS project can support and promote ECS in its forthcoming tasks and activities;
- Would the ECS favour prioritising ITS activities in member PCs (Ukraine and Moldova) and/or observer PCs (Georgia and Armenia)?
- Would the ECS recommend ITS to expand horizons to other PCs?
- Would the ECS recommend general promotional activities, for example:
 - o Workshop on ECS background, objectives, activities, benefits of membership, relevant Directives etc?
- Would the ECS recommend concentration on specific areas of interest, for example:
 - o Improvement of regulatory capacity;
 - o Social dimension of Directives & Capacity Building;
 - o Capacity building in the Public Sector (RES/EE) - NEAPs
 - o Unbundling of TSOs;
 - o Legislative improvements (TPA) etc?
- Would ECS recommend ITS to utilise existing ECS promotional material and information?
- Would ECS be willing to make presentations to ITS Working Group meetings?
- During the Inception Phase – what specific issues or questions would the ECS recommend that the ITS team raise with the PCs during the Inception Missions?
- Monitoring and Status Reports – TPA, TSO Unbundling, Independent Regulation – how could we mutually support monitoring functions – EC signatories & PC BI obligations?
