## **GEOSTAT AND MINISTRY OF ENERGY AND NATURAL RESOURCES WILL CREATE UNITED ENERGY DATA SET**

Minister of Energy and Natural Resources Kakha Kaladze, Deputy Director of *Geostat* Maya Guntsadze and representative of INOGATE Kevin McCann signed memorandum of understanding.

Under the memorandum *Geostat* in collaboration with the Ministry will create united data set, which will support Georgian Energy sector long run development process.

Technical assistance for the working process will provide INOGATE program. INOGATE program experts created "Energy Statistics Action Plan". Under this plan was defined the ways of energy statistics development. Cooperation of the Ministry and *Geostat* is one more step toward integration in European energy system.
