

the energy community

a community of opportunities

Dr Dirk Buschle

Yerevan, 11 June 2013

the energy community:

- a community of **reforms** and **integration**
- a community to **attract investments**
- a community based on **common values** and the **rule of law**
- a community of **equal partners** and **solidarity**
- a community of **working together** to achieve lasting results

thank you for your attention!
